This License. The terms set forth in this Single-Track Music License Agreement - Private Tier (this “**License**”) applies to your use of the Music Piece(s) and/or SFX as specified in the Music Cue Sheet attached hereto as Appendix 1 (the “**Licensed Work(s)**”). Please note that, except as may be explicitly provided herein, the [Terms of Use](#) are an integral part of this License and the terms found therein apply in full to your use of the License. Capitalized terms used but not defined herein shall have the meanings set forth in the Terms of Use. We ask you to read this License and the Terms of Use carefully since they affect your legal rights and govern your use of Epidemic Sound's online music catalog service.

Acceptance. By clicking "I agree", checking out with the Licensed Work(s), or otherwise signifying your acceptance of this License you are agreeing to be legally bound by this License and the Terms of Use, and you acknowledge that you have read our [Privacy Notice](#) and [Cookie Policy](#), all of which are available on the Site and incorporated herein by reference.

Who is this for?

Personal use. This License and the rights granted herein are intended solely for your own personal use, and grants you the right to use the Licensed Work(s) in one (1)

single video production created by you for the purpose of use and distribution on your personal social media channels, in accordance with the terms below. If you want to use the Licensed Work(s) for any other purpose not expressly permitted under this License, or if you are creating content for a corporate channel (meaning a channel owned and/or operated by a business) or creating content on behalf of a third party, you can find other appropriate licenses available on the website, or you can reach out to us [here](#).

Your license

Soundtracking your Production

Synchronization license. Subject to the terms and conditions of this License, Epidemic Sound hereby grants to you the right to make copies of the Licensed Work(s) in order to synchronize it/them, in whole or in part, in one (1) single video production produced by yourself and as set out in the Music Cue Sheet (the “**Production**”).

No standalone use. The purpose of this License is to make available for you the use of the Licensed Work(s) in the background of your Production in order to boost such Production. You may not make available, use or in any other way exploit the Licensed Work(s) for the purpose of making the Licensed Work(s) (in whole or in part) available on a standalone basis, hence without being synchronized with the

Production in accordance with the purposes of this License, as determined by Epidemic Sound in its sole discretion, including where the Production is essentially tantamount to use of the Licensed Work(s) on a standalone basis or where the Licensed Work(s) constitute a primary value of the content that you create. By way of example, you may not use or in other way exploit the Licensed Work(s):

- for the purpose of creating a music listening experience, including, but not limited to, uses where complete or almost complete Licensed Work(s), on its own or as part of a compilation, are combined with accompanying visual/narrative elements that are of subordinate importance (such as, but not limited to, still image(s), panning motions, loops or other limited animation/video/audio);
- in any way to repackage the Licensed Work(s) or upload or use them, in whole or in part, as audio samples, music or sound libraries, sound effects, music beds or to upload them in any music recognition systems or any machine learning application for any purpose, and/or in any way use, distribute or otherwise exploit the Licensed Work(s) as your property; or
- in any way that is intended to allow third parties to download, reproduce, stream, and/or otherwise access or use the Licensed Work(s), in whole or in part, on a standalone basis, including

without limitation in any digital templates or other applications enabling end users to synchronize or otherwise combine the Licensed Work(s) with other content, or in any manner enabling users to create or order on-demand products (such as electronic greeting cards or ringtones) or make the Licensed Work(s) available in any physical products (e.g. in speakers).

You can read more in our FAQ [here](#).

No illegal, immoral or political content.

You may not use any Licensed Work(s) in connection with any material or otherwise in a manner or context that is defamatory, illegal or inciteful of an illegal act; immoral; racist; hateful or discriminating against any person based on for example race, nationality, religion, ethnic identity, gender, gender identity or sexual orientation; constitutes encouragement of violence or use of weapons; pornographic; or in a manner or context that otherwise violates any rights of anyone associated with the Licensed Work(s). You shall comply with any applicable laws and regulations. Moreover, you may not use the Licensed Work(s) in connection with sensitive subjects without the prior written consent of Epidemic Sound. Sensitive subjects include, but are not limited to, political content, such as the promotion, advertisement or endorsement of any party, candidate or elected official; and “adult videos” and promotion of adult entertainment venues, escort services, or

the like.

No edits. You may cut, loop and fade in/out the Licensed Work(s), but you may not otherwise edit, alter, or change the Licensed Work(s), including but not limited to altering the fundamental character of the Licensed Work(s) and creating any derivative works thereof (meaning that you may not create new music based on any Licensed Work(s)). You may not use individual stems of any Licensed Work(s), even if such stems are made available to you.

No boosted or branded content, ads or third party exploitation. You may not use the Licensed Work(s) in advertisements or other commercial productions (including productions that are boosted or that are published within paid media space, such as, but not limited to, online pre/mid/post-rolls) or in any productions constituting branded or sponsored content (meaning productions that promote and/or integrate products and/or services of a corporate brand/entity). You further have no right to use the Licensed Work(s) in any production that is produced for the purpose of being used, licensed, sold or in any other way exploited by any third party.

No broadcast type content. You are not allowed to use the Licensed Work(s) in any broadcast type of content such as feature films and TV shows, including documentaries, news, sports broadcasts or cartoons or other children shows. If you're looking to produce this type of

content, check out our Enterprise plan [here](#).

No theme songs or trade marks. You may not use the Licensed Work(s) as part of a theme song, logo, trademark or service mark.

No NFTs. You may not use the Licensed Work(s) in non-fungible tokens ("NFTs"), blockchain or substantially equivalent technologies.

Distributing your Production

Distribution license. Subject to the terms and conditions of this License, Epidemic Sound hereby grants to you the right to make available worldwide and in perpetuity, the Production containing the Licensed Work(s) on your personal social media channels, provided that you have completed, uploaded, and published the Production on at least one of your personal social media channels within one (1) year of entering into this License.

Where can I upload my Production?

The rights granted herein grant you the right to publish the Production on your personal social media channels only. Please note that you may only monetize the Production on one (1) single YouTube channel as described below. The rights granted herein do not include any right to license or sublicense to any third party the right to exploit the Production for any

purpose.

Credits. Credit shall - to the extent reasonably possible, in relation to uses where it is standard practice to do so or if credits are provided for other music or content providers - be accorded in a form substantially similar in form and substance to the following: "Artist's Name / Title of Licensed Work / courtesy of Epidemic Sound". The above credit will, if possible, be displayed as a hyperlink to www.epidemicsound.com.

Platform limitations. Please note that various platforms may have their own restrictions that apply from time to time, such as limitations on the permitted length of videos with music. As a result, even though you have been granted a license from Epidemic Sound to use the Licensed Work(s) in accordance with the terms and conditions in this License, such platforms might limit how you exercise such rights on such platforms, and Epidemic Sound shall have no liability for such platform restrictions.

Monetization

Monetization. Subject to your compliance with this License, and proper clearing in accordance with the terms herein, you may allow, and receive remuneration from, the display of third-party ads in connection with making available the Production on one (1) YouTube channel as registered in your account (you may clear your

Production for monetization).

Clearing. You are responsible for clearing the Production on your personal YouTube channel with Epidemic Sound, in accordance with the instructions that Epidemic Sound provides from time to time. You may clear the Production on one single YouTube channel (meaning one single video URL), and you may not clear the Production on any other platforms or channels.

Unlicensed and non-cleared use. Epidemic Sound reserves the right to fully monetize unlicensed use of the Licensed Work(s) on YouTube and/or other platforms. Without correct clearing, Epidemic Sound is unable to tell a licensed Production from unlicensed use, and thus reserves the right to demonetize any Production containing Licensed Work(s) that are not correctly cleared. Should the Production licensed under this License be demonetized by Epidemic Sound, you may notify Epidemic Sound through [this webform](#) and Epidemic Sound will discontinue such demonetization without undue delay. Epidemic Sound will have no responsibility, and will not reimburse you, for any demonetization of the Production by Epidemic Sound for any period prior to such Production having been correctly cleared for monetization. Please note that in relation to certain platforms, Epidemic Sound may use systems to correctly identify use of, or claim ownership of, the Licensed Work(s) in content, including your Production, uploaded to such

platforms, e.g. to ensure correct attribution, but such identification does not affect your right to monetize your Production on such platforms.

Fees

In consideration for the License and the rights granted herein, you agree to pay the applicable one-off Fee as set out when acquiring the license, and in accordance with the [Terms of Use](#). Except as set forth in this License, no additional fees other than the Fee will be owed by you in relation to your permitted use of the Licensed Work(s) hereunder, to (i) Epidemic Sound, (ii) any composer, performer, producer or other person involved in the creation of the Licensed Work(s) or (iii) any collecting society except if the collection is exclusively delegated to such society by local statute, irrespective of the membership of, or any contractual mandate from, any of the composers, performers or other rights holders in the music.

Outro

No other rights. This License only grants to you the right to use the Licensed Work(s) in the Production stated in the Music Cue Sheet, and you may only use the Licensed Work(s) under and subject to the rights granted under the terms and conditions of this License. All rights not

expressly granted hereunder are reserved by Epidemic Sound, including without limitation, that the rights granted hereunder do not include the right to collect public performance royalties with respect to the Licensed Work(s), the right to license or sub-license to any third party the right to exploit any Licensed Work or Production, or to exploit any Licensed Work or Production in any other method, manner or media than those specifically provided hereunder. All rights and licenses granted hereunder are non-exclusive, non-transferable and non-assignable and may not be sub-licensed other than as expressly permitted under this License.
